11.5 years

EXPERIENCE WITH FIRM

8.5 years (since 8/28/00)

EXPERIENCE AND QUALIFICATIONS

Mr. Walesczyk started his Structural Engineering career working for McPherson & Associates designing a wide variety of projects including federal government and private facilities. Joining our firm in 2000, he now **serves as Structural Engineer and Project Manager** coordinating efforts among the project team. He also serves as our firm's Director of Operations.

Mr. Walesczyk's responsibilities include project management, design, construction document preparation, construction administration, and inspection services. His design experience includes materials such as polysteel, reinforced concrete, reinforced masonry, steel, aluminum, and timber for a wide variety of facilities including **schools, offices, manufacturing & distribution facilities, retail and mixed-use, healthcare, housing, recreation facilities, religious facilities, and projects within all levels of government**. Many projects have been completed using the **design/build** method of project delivery.

I have been continuously impressed with his [Jon Walesczyk's] professionalism, his willingness to seek out the most efficient solution, and to understand the constraints of practical on-site construction...he continues to exceed expectations with his expertise and creativity.

*Philip Gardner, Hourigan Construction
Virginia Beach, VA 2/9/07*

Mr. Walesczyk has become well-liked by our clients for his **quick response time** and his **"can do" attitude**. He has established solid working relationships with our clients over the years and has a **reputation for practicality and creativity**.

He is well-acquainted with the local building code requirements, having performed evaluations, design, and inspection services for many projects in the Hampton Roads area and throughout the country. He attends meetings, often traveling, to stay on top of all facets of our projects nationwide.
