STRUCTURAL ENGINEER | RICHMOND, VA BEACH + CHARLOTTE

Speight, Marshall & Francis is searching for experienced licensed structural engineers who are looking to make a difference! We're a mid-sized, team-oriented firm with a knack for developing cost-effective, creative, and award-winning structural engineering solutions for our clients. If you thrive in a dynamic workplace and have strong experience designing and managing a wide-variety of project types and sizes, this could be the place for you! This role offers the opportunity to play a key part in shaping and growing our offices, contributing to both its culture and success. We emphasis a collaborative, family-first work environment across our 45+person team. We have over 31 years of experience in the industry, and we're licensed to work in 32 states! Check out some of our past projects here!

WHAT TO EXPECT FROM US

Perks, Benefits, & Pay:

As a Speight Marshall Francis team member, you'll enjoy an excellent benefits package including great healthcare coverage, paid time off, flexible scheduling, and more! Each engineer has their own office with large windows for natural lighting, adjustable stand-up desks, and collaborative workspace is positioned throughout the offices! We also support our team in their professional growth; continued education opportunities are available, as well as frequent "lunch & learns" to stay on top of industry standards. We have many company-sponsored events like happy hours, cookouts, and other events throughout the year. Salary compensation is based on experience. See what we're about | Instagram, LinkedIn, Facebook!

WHAT YOU'LL BE DOING

Duties & Responsibilities:

- Lead and manage a variety of projects simultaneously while also advancing your skills under an SMF Principal
- Work with drafting team on full structural design
- Maintain the accuracy and high drawing standards set by SMF
- Project management duties of job start to finish
- Attend client meetings and site visits as required
- Work with all members of the build team internally and externally - project contractors, architects, owners, etc

One City Center | Durham, NC
